“The Largest Family on the Planet”

Neighborhood Service Team

Dear Neighbors. HI! Because we love our neighborhood and would like to help make it even better, we are starting a “Many Faiths...One Family” Neighborhood Service Team!!

What is a Neighborhood Service Team?

- ◆ An individual or group of people that live in your neighborhood that have the desire to build a stronger, safer, more friendly neighborhood by serving others.

What does the Neighborhood Service Team want to do?

- ◆ Help neighbors in any way that they are able. Help the elderly, single parents, someone with special needs, get a group together to help make a hard project easy.

For Example, to mention a few:

- ◆ Help an elderly neighbor lifting something or move something.
- ◆ Run an errand for a neighborhood that is in need and unable to do it themselves.
- ◆ Help a neighbor that may have limitations to clean up their yard. Or just help do it because many hands makes light work. Help put a group together to really make the project easier for all.
- ◆ Help a new neighbor move in or a departing neighbor load and move out.
- ◆ Keep an eye on a neighbors home for them when they are gone.
- ◆ If you have a trade skill, such as a plumber, electrician, carpenter etc. be willing to help a neighbor for free on a really small project or for a great discounted price if the project is more involved. Either way it's a blessing to those you help.

How will the Neighborhood Service team work?

There may be a team leader that can be contacted and the service coordinated. Or maybe all team members are willing provide contact information so that the neighbor asking for assistance can make the calls.

Contact _____ at () _____ to find out how your Neighborhood Service Team is organized.

Faiths United for Families is a non-profit organization that is promoting and encouraging people to start a Many Faiths...One Family Neighborhood Service team in neighborhoods around the world hoping to build solidarity in kindness and respect between people of all faiths but is in no way involved in the actual service teams and holds no liability for the actions of Neighborhood Service Teams. We encourage teams to video document some of their service and share it via the Faiths United for Families web site. All funds raised by Faiths United for Families are used to bless the lives of the poor, underprivileged and assist families hit with major crisis. All intended to combat community deterioration.
